- Adjustable aluminum louvered door vents
- Rear flood light
- Stainless steel door latches
- 2" Bulldog hitch
- 2000# Bulldog swivel jack mounted on tongue

The Texan is the newest member to the Jones Trailer family. It has many of the best features of all our trailers combined into one model. The stalls measure 29" x 39" x 30" tall with an opening of 19.5"W x 27" H to allow for safe, convenient loading of even the largest dogs. Six butterfly vents located at the front of the trailer and a roof mounted exhaust fan that moves 1000 cubic feet of air per minute keep this trailer cool and comfortable. The unique top storage lid design allows the full top to be opened from either side of the trailer.

4 Stall -- \$6895.00

6 Stall -- \$7975.00

All six stall models include a tongue mounted front storage box measuring 14" x 48" wide tapering to 18" x 28" wide with lockable, adjustable latch and gas strut to raise and hold open the lid.
